3RD ANNUAL BUSINESS AWARD LUNCHEON

Thursday, May 7, 2009

The Greening of Wisconsin with Economic Stimulus

featuring Dave Misky

Dave Misky is the Assistant Executive Director of the Redevelopment Authority of the City of Milwaukee. He has diversified experience in real estate development with a strong focus on environmental issues. He currently oversees the City of Milwaukee's real estate and Brownfield programs. Dave and his team manage projects from small vacant residential lots to enormous economic drivers that address development plans, zoning changes, gap financing, and environmental aspects of remediation and sustainability. One of the largest developments Dave has managed has dealt with all of these aspects — the Menomonee Valley Industrial Center which is adjacent to Miller Park and is the most visible Brownfield in the State of Wisconsin.
